**MAINTENANCE AND CLEANING INFORMATION**

Clean regularly with common household liquid cleaners and a sponge or soft cloth. For hard water stains, scale removers can be used. If necessary, abrasive cleaners can be used with a nylon brush or pad to remove build up on the shower pan surface. **Do not use** a metal-scouring pad or a wire brush, as it will damage the surface. **Do not use** "leave on" cleaning products, such as automatic spray shower cleaners. Prolonged contact with harsh chemicals could have an adverse reaction over time and discolor surfaces. **Do not use** cleaning agents that caution use on acrylic, polyester or plastics.
